# 1975 Eagles Flight

Volume VII

Johnson Central High School  
Paintsville, Kentucky

## We Take Pride

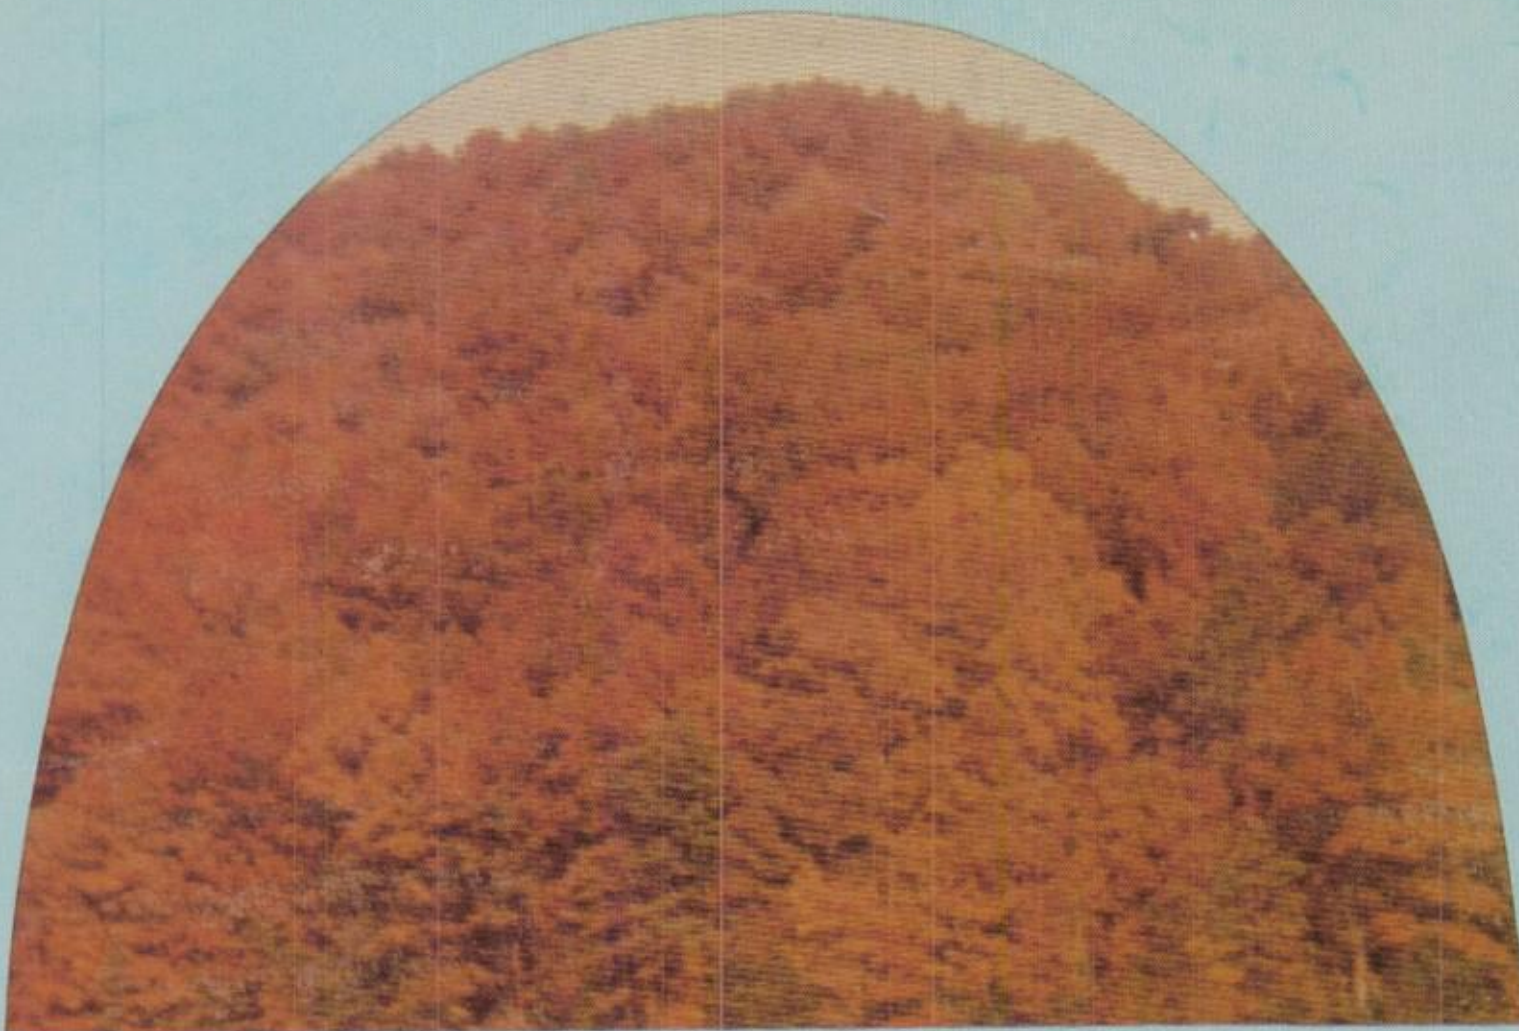

In answer to a dream of concerned citizens, the doors of Johnson Central opened in 1968. In 1970 the school received the coveted comprehensive rating for excellence in academic endeavors. The building, a result of growth and change in our community, symbolizes the pride of students, faculty, administration, Johnson County Board of Education, and the public in general.

New experiences and new learning are a part of everyday happenings. New classes introduced in 1974 are Advanced Biology, Family Living, and French. Audio visual equipment was purchased this year. A TV camera, a Video-tape machine, and a monitor are used to improve instruction and to film sports events. The French and Science Clubs are new, and study halls have become more pleasant because of color television. Health facilities were improved by the addition of a school nurse. An active student council improved the student parking lot and installed a juke box to entertain the students. The Board of Education recommended the merit system which was instituted at the beginning of the year.

The new football stadium and sports complex seems to have added enthusiasm and incentive to win and has made football a more popular sport. The basketball team was admitted to the Big Sandy Valley Conference, and a girl's team was formed. A wrestling team was organized, and a weight lifting machine was added. Intramural sports offered credit.

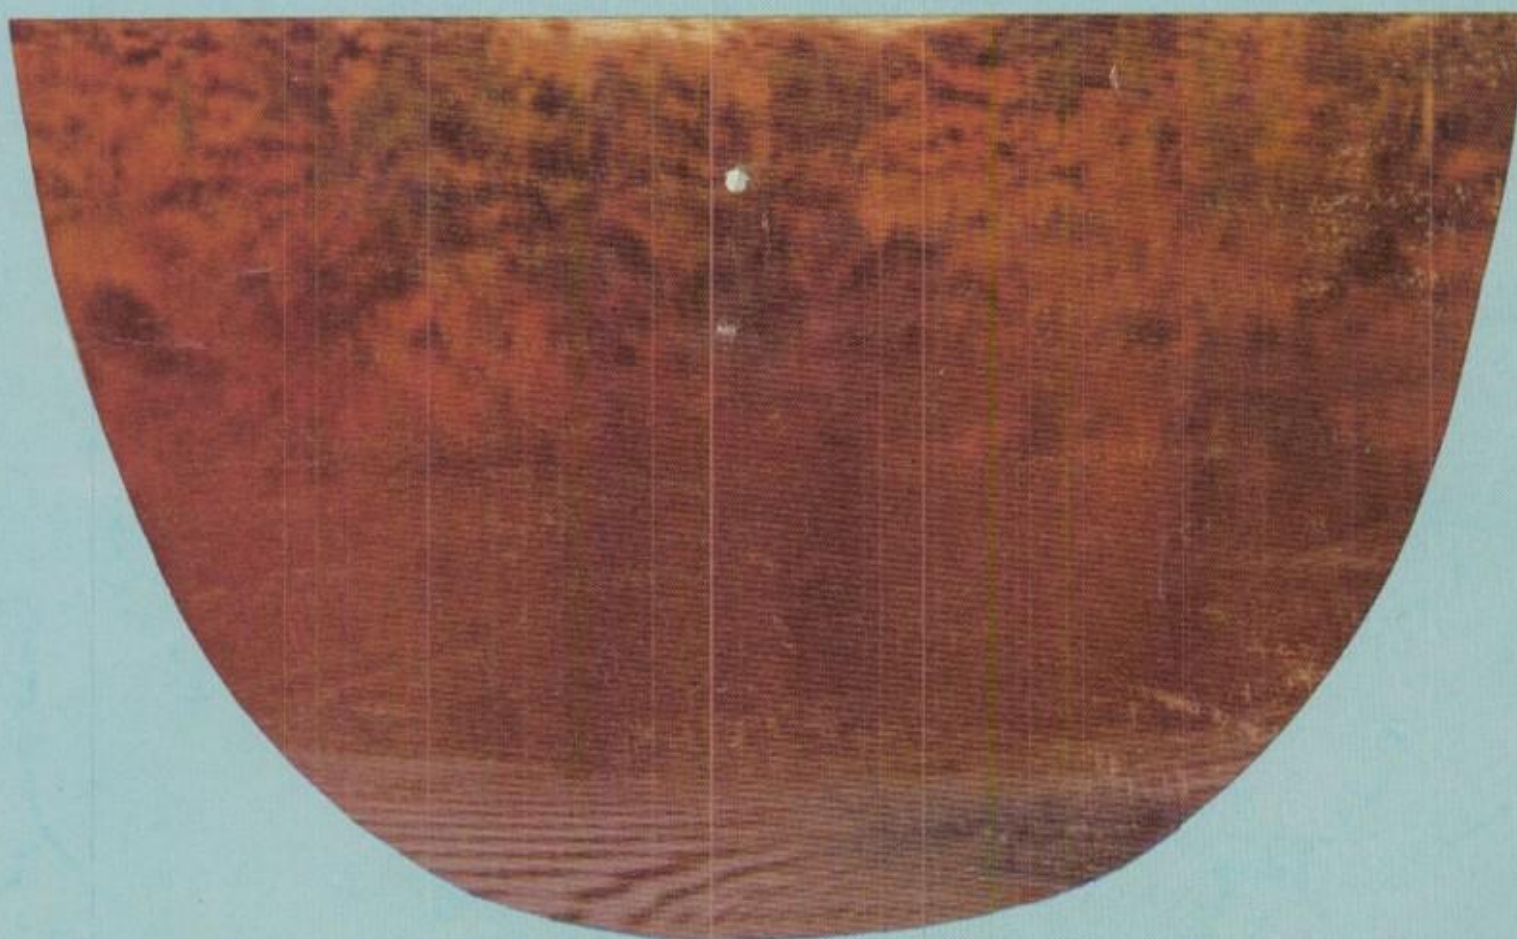

In the future, we can expect to see new tennis courts and a driver education training course. A vocational building will be built, and a modern administration building will grace the campus. Changes have come in the seven years of our school's history. The pride that each of us has in our school will endure forever.

# In Memory of Kevin

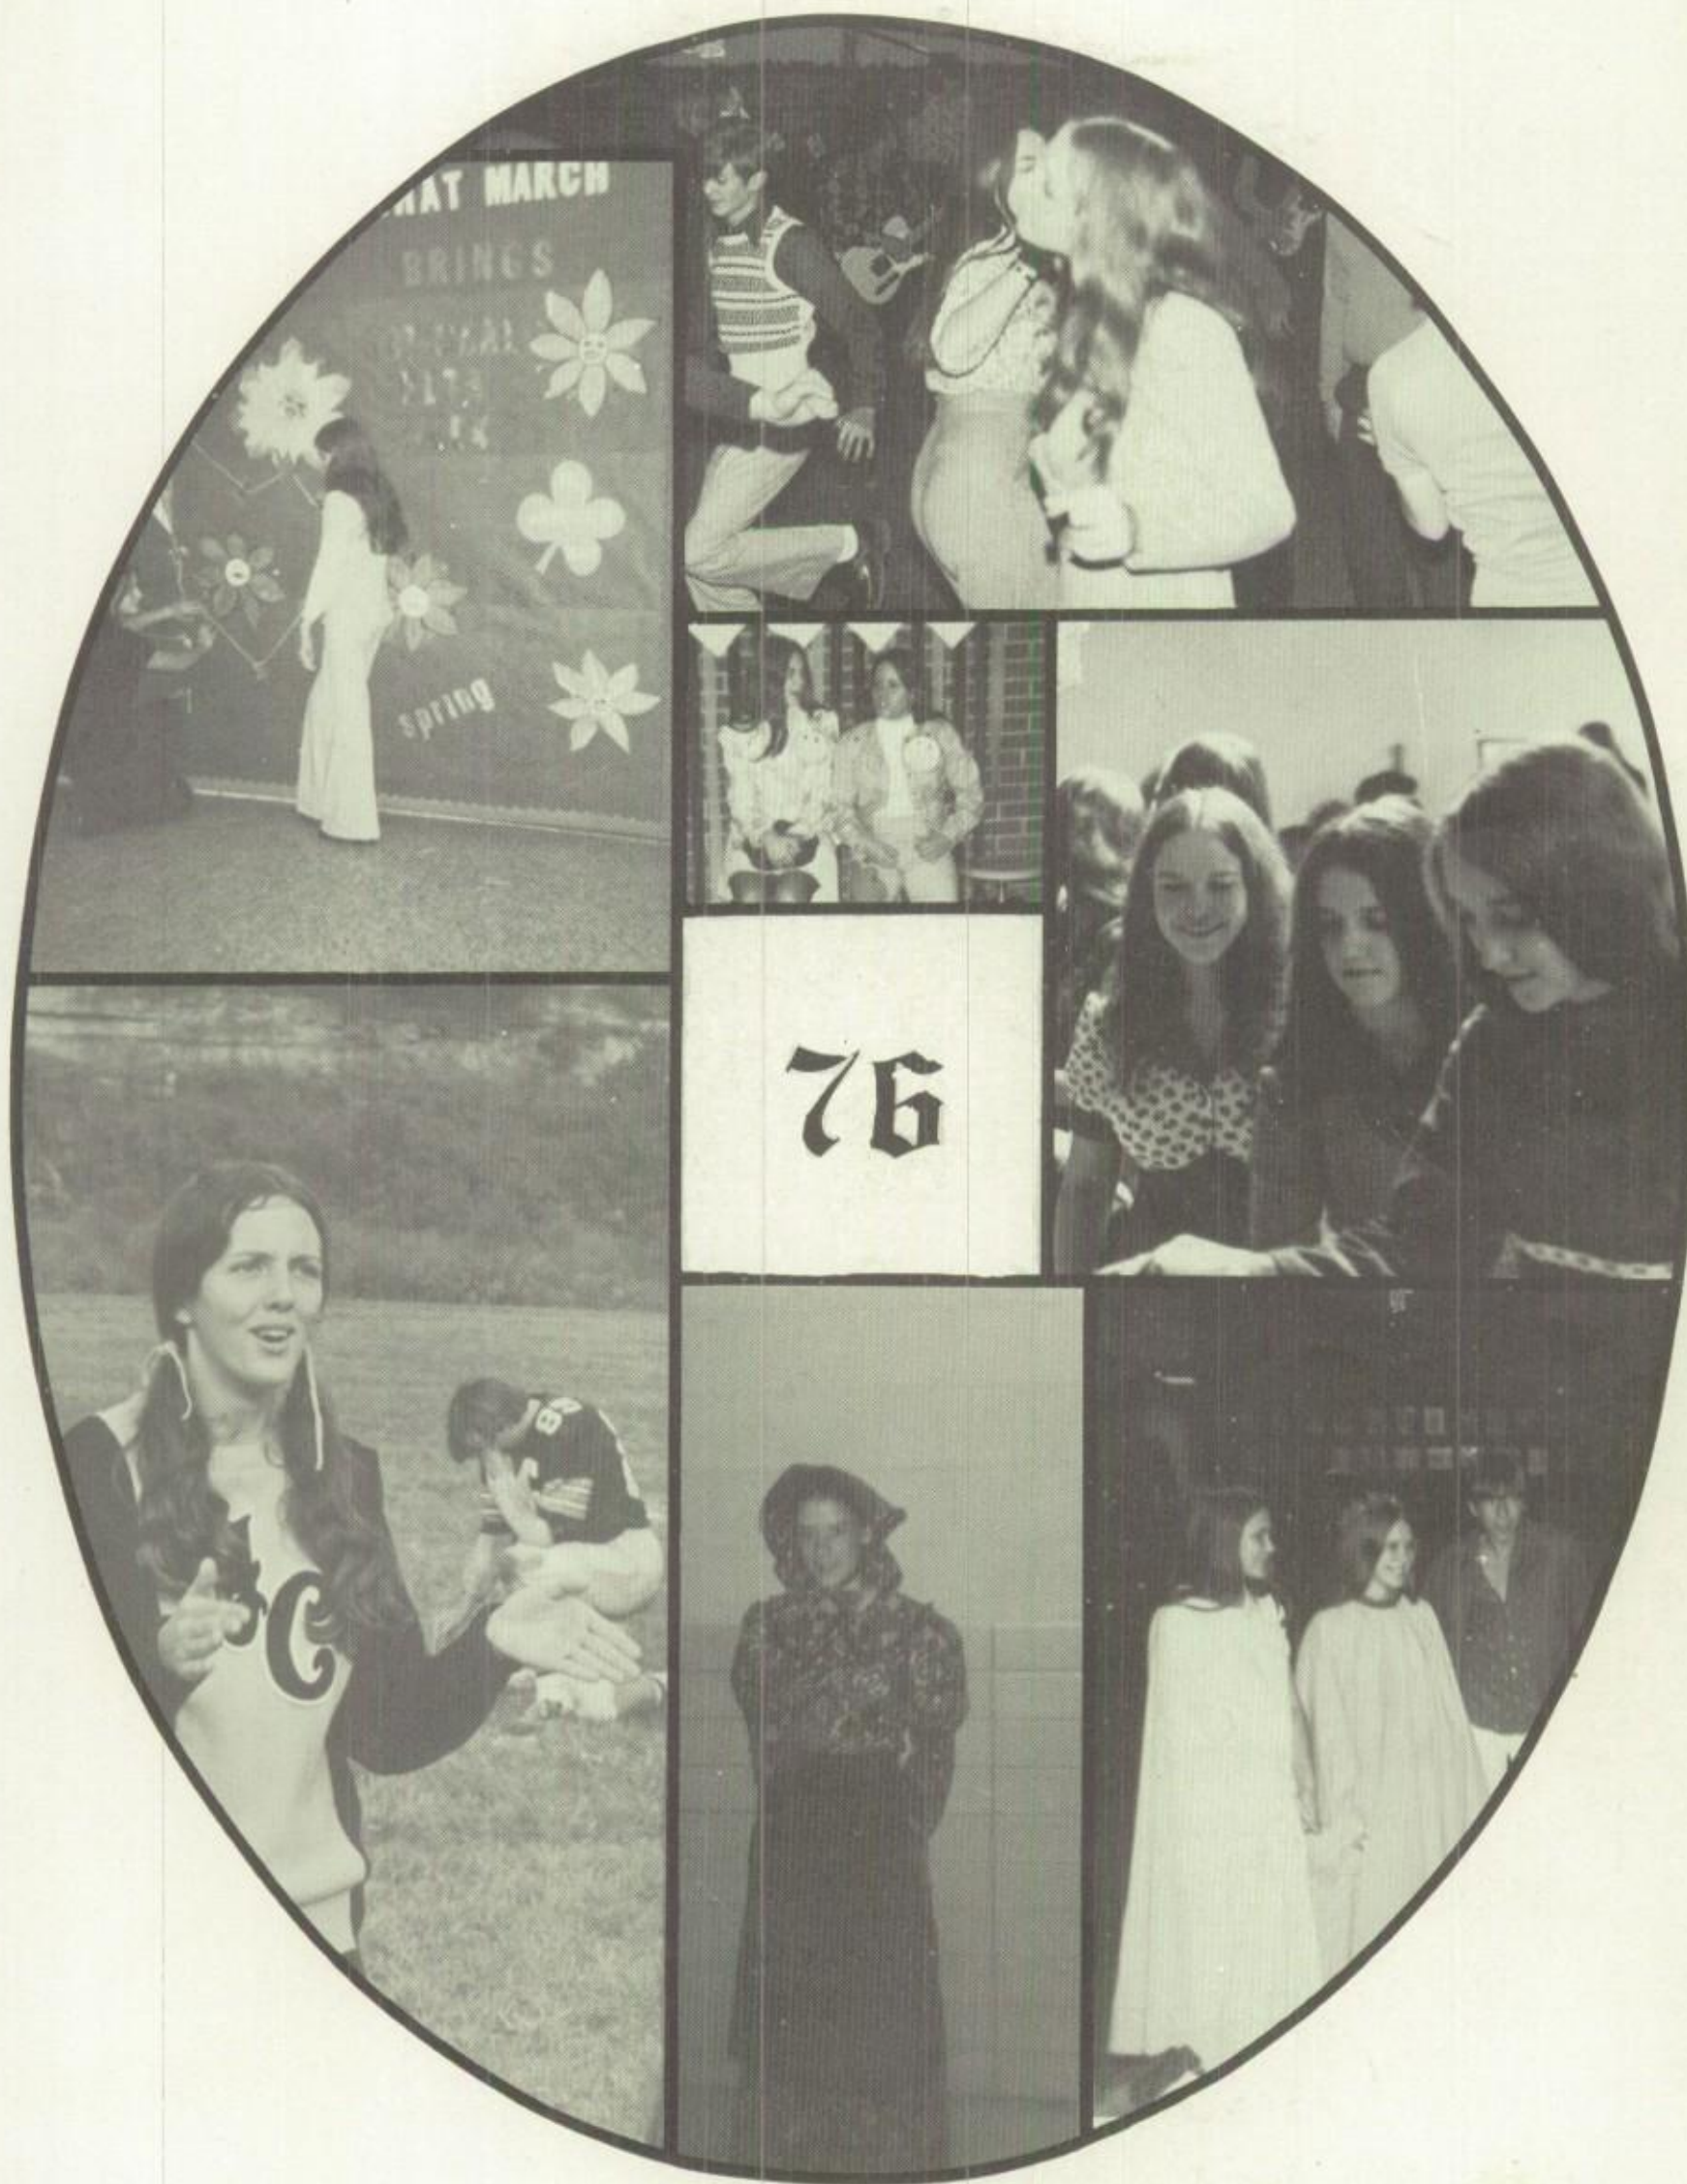

Kevin Earl Ely  
(1957-1974)

I lower myself  
To raise my state in God's eyes.  
I humble myself  
To make God proud of me.  
I empathize and help others,  
To please God.  
I hate no one,  
So I can love God.

# In Memory

**Gary D. Salyer**  
**1958-1975**

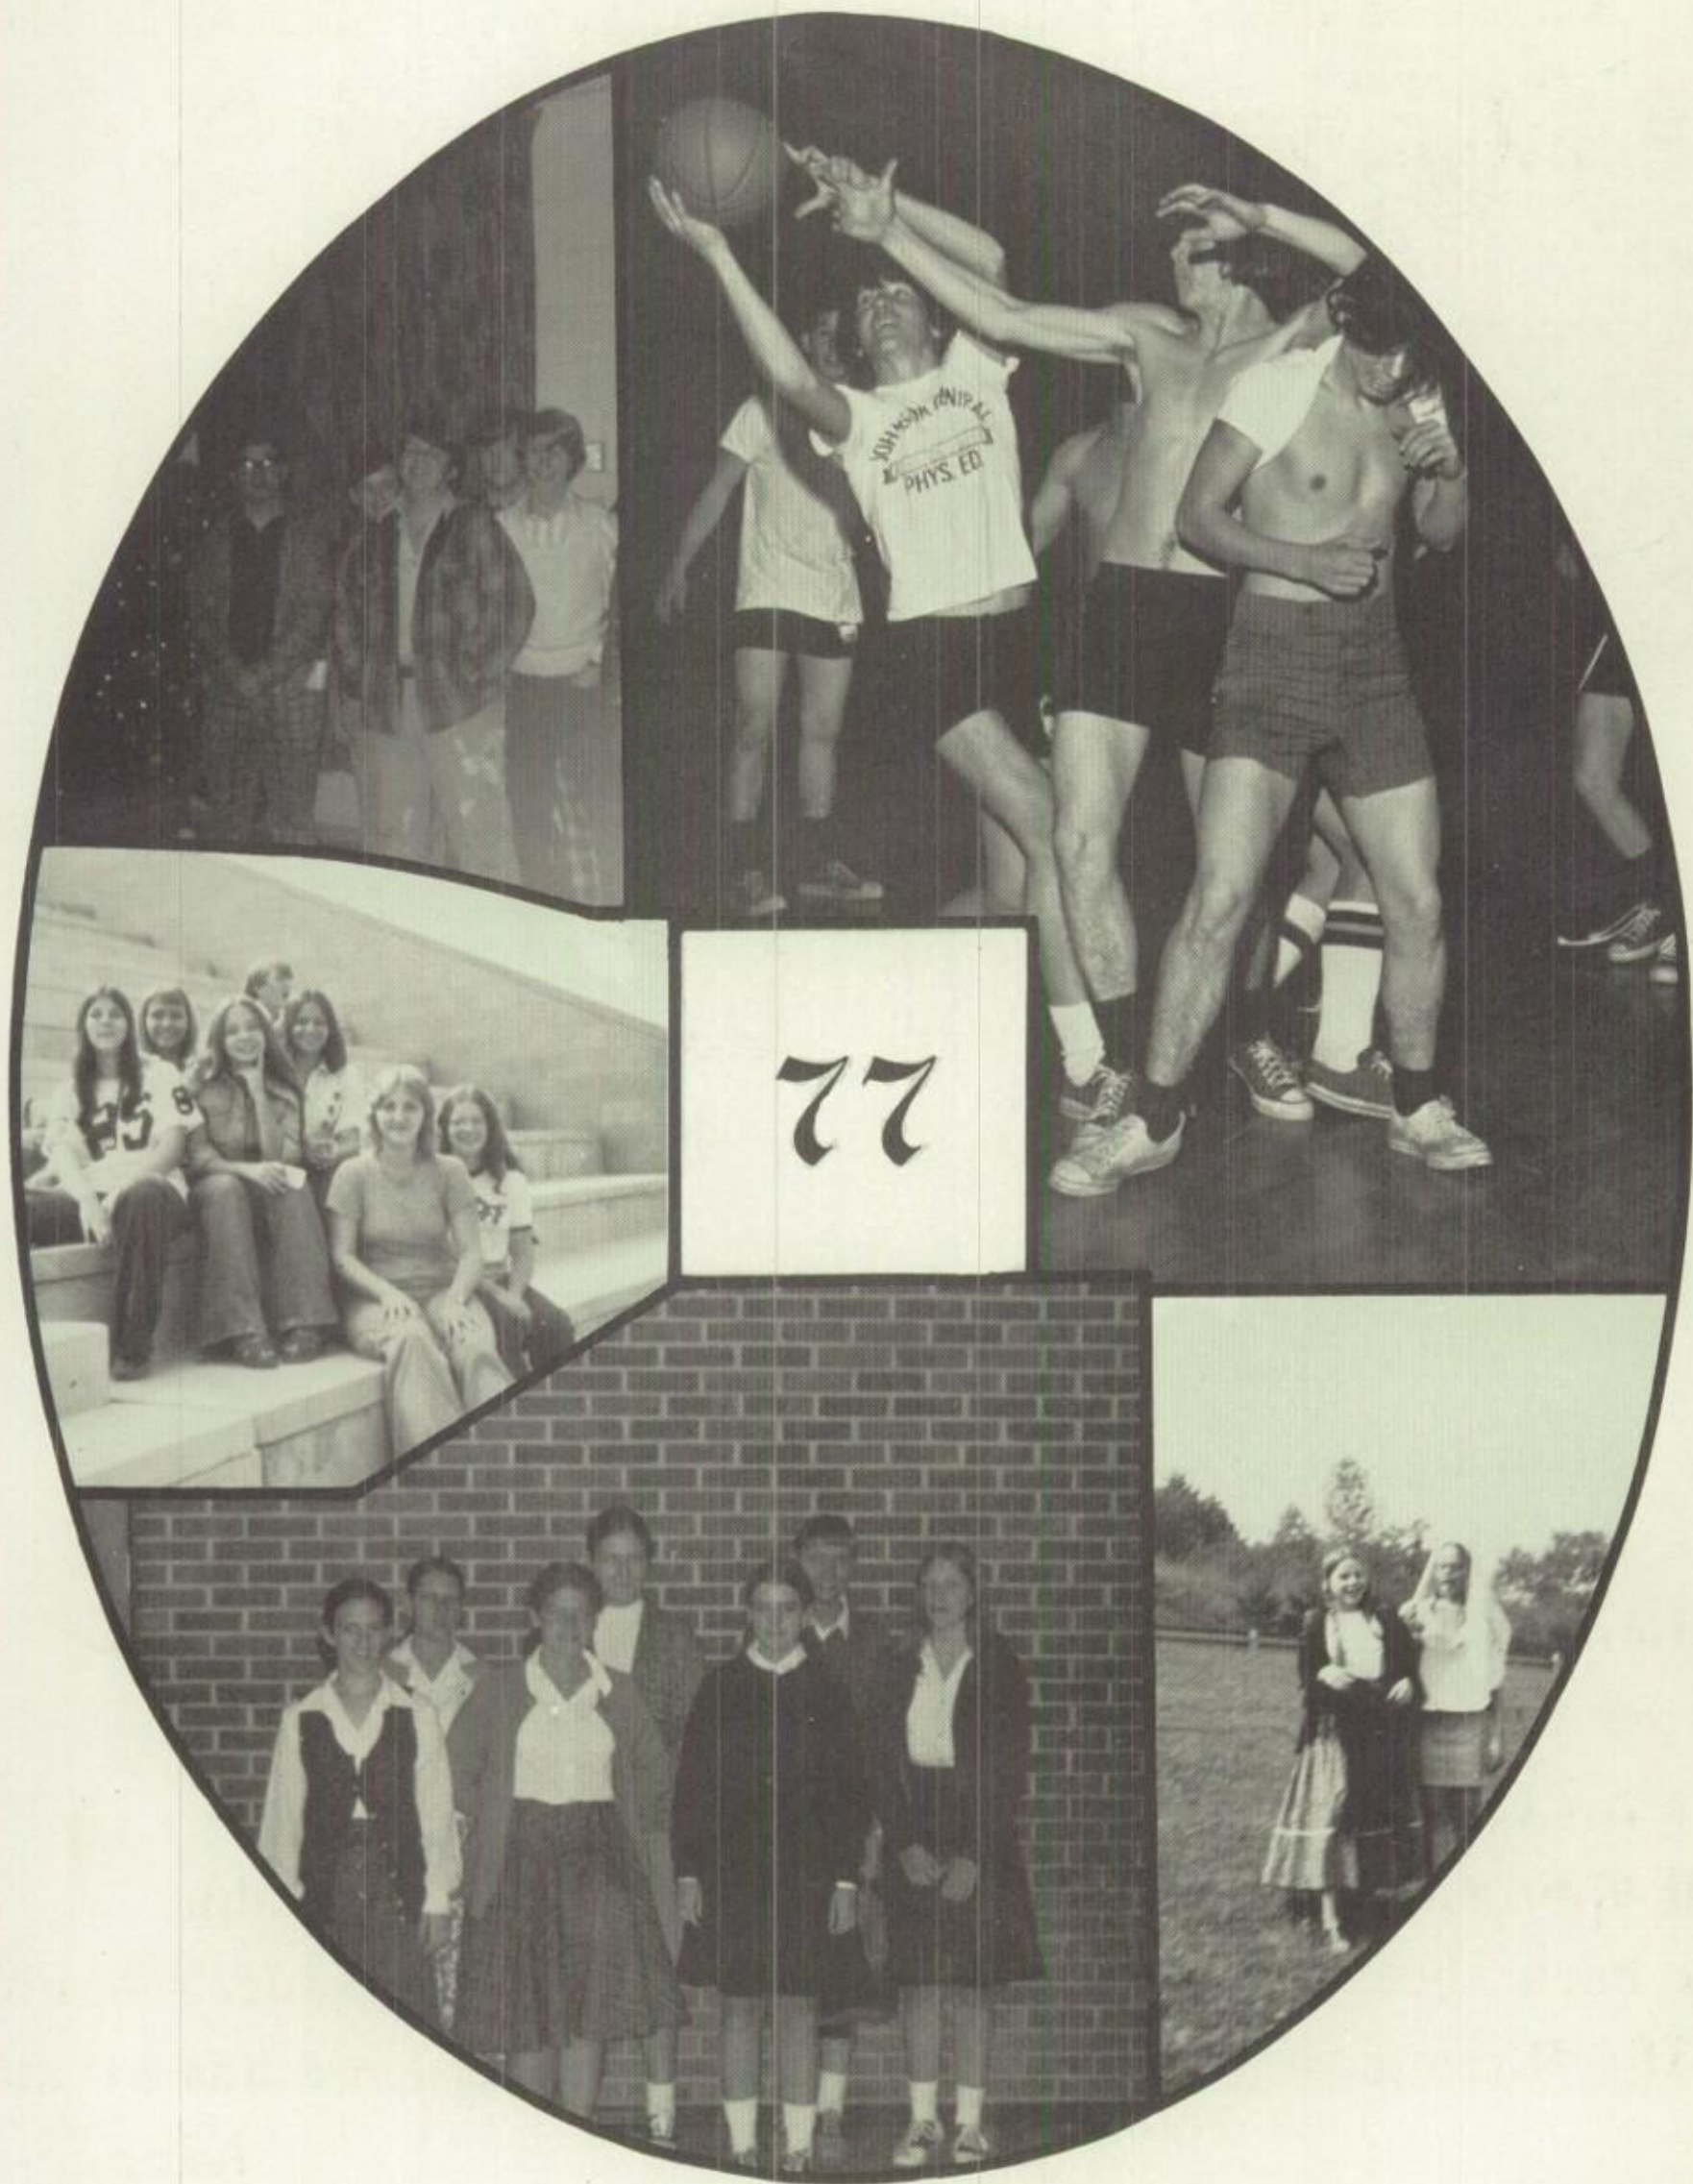

**Johnny W. Frazier**  
**1959-1975**

My life is but a weaving, between my God and me,  
I do not choose the colors, He worketh steadily,  
Oftimes He weaveth sorrow, and I in foolish pride,  
Forget He sees the upper, and I the underside.  
Not till the loom is silent, and shuttles cease to fly,  
Will God unroll the canvas and explain the reason why.  
The dark threads are as needful in the skillful Weaver's hand,  
As the threads of gold and silver in the pattern He has planned.

# J.C.H.S. Science Fair

The J. C. H. S. Science Club sponsored its first Science Fair May 26, 1975. Participants included students from Central, W.R. Castle, Porter, Oil Springs, Flat Gap, and Meade. The Fair was a great accomplishment and a success.

Certificates were awarded to each student entering the fair, and trophies were given to first and second place winners. The club hopes to sponsor an even more successful fair next year with more entries from Central as well as other county schools.

Many students participated in our first Science Fair.

Elizabeth, Kathy, and Chuck demonstrated the TV camera and the video tape machine.

# Another First in 1975

Elizabeth Magura, Sheryl Robinson, Judy VanHoose, Lora McKenzie, and Kathy Taylor were involved with registration of the entries. Below: Kool-aid and potato chips were favored during the picnic.

Students from Porter entered the fair.

Mr. Thurston Taylor and son, Jonathan, made observations.

## FBLA Achieves

At right, Janie Colvin is hard at work with the typewriter.

Through FBLA and in her teaching duties, Mrs. Rebecca Duke helped the girls to acquire skills, poise, and manners. Each year approximately 16 girls enroll in simulated office practice class and work in the office suite at school. There they apply skills and knowledge of correct office procedures. A trip to Morehead State University for a "career day" was a highlight of the year.

# Goals in '75

Debbie Davis assisted in the office. Sometimes she helped students and teachers; other times she especially enjoyed meeting the public.

The FBLA club has helped the girls gain an insight for their oncoming careers.

FBLA opens new horizons for students at J.C.H.S.
